

**NATIONAL COIR RESEARCH & MANAGEMENT INSTITUTE (NCRMI)  
THIRUVANANTHAPURAM, KERALA STATE**

**RPF III**

**FINAL PROJECT REPORT**

1. NCRMI Code No.
  2. Name & Address of the Research Institution/Centre  
(with Telephone No., e-mail & fax)
  3. Title of the Project
  - 4.a. Name, Designation & Address of the  
Principal Investigator
  - b. Co-Principal Investigator  
Name, Designation & Address
  5. Name(s) & Designation(s)  
of Associate(s) and Address of  
Establishment(s) executing the projects
- | Sl.<br>No. | Name | Designation &<br>Address | Time to<br>be spent | Work to be<br>done |
|------------|------|--------------------------|---------------------|--------------------|
|------------|------|--------------------------|---------------------|--------------------|
6. a) Location of the Research Project  
with complete address
  - b) Area of operation of the project
  7. Date of Start
  8. Date of Termination
  9. a) Objectives  
(Not more than 150 words)
  - b) Practical Utility including background information  
(Not more than 150 words)
  10. Technical Programme : (Indicate briefly plan of procedure,  
techniques, instruments and special materials,  
organism, special environments implementation etc.)
- a) List of sub-projects and experiments conducted, if any
  - b) Observations undertaken

11. Final Report on the project  
(Detailed report containing all relevant data with a summary of results not exceeding 2-5 pages depending upon the nature of the investigation mentioning constraints if any and also future course of action. The report should clearly state to what extent the objectives and practical utility envisaged is achieved and also the scope of transfer of technology)
12.
  - a) Budget outlay sanction – received
  - b) Expenditure incurred in the Project
  - c) Give reasons for variation, if any, from original estimated cost and duration
13. Publications and Material
  - a) Research papers
  - b) Popular articles
  - c) Reports
  - d) Seminars and workshops (Relevant to the project) in which the Scientists, have expected target group of beneficiaries participated
  - e) Material developed such as new products/technology, machines, implements etc.  
Degree of utility of the results as per 11
14. Details (Nos. etc.) records and final material and location
15. Comments/suggestions of Project Leader regarding possible future line of work that may be taken up arising from this of this project
16. Signature of Principal Investigator/Co-Principal Investigator and Associates with name and address
16. Name & Signature (with comments, if any)  
Principal Investigator
17. Name & Signature (with comments, if any)  
of Director, NCRMI.  
(Additional sheets may be provided, if required)
